Statement of Intended Use				
	<p>This Airpop face covering is designed and manufactured to achieve certified levels of filtration , breathability and fluid resistance providing the wearer an effective two-way barrier reducing the spread of airborne particles and respiratory droplets / secretions in a community setting. These masks can under no circumstances replace respiratory protective equipment in the workplace. Nor can they replace medical masks in the healthcare setting.</p> <p>Airpop facemasks are not suitable for children under 3 years of age.</p> <p>It is recommended that children between 3 and 12 years are supervised while wearing any face covering.</p>
